**REMARKS**

Claims 1-27 are pending. Claims 9-27 have been withdrawn from consideration. Claim 1 is the sole independent claim under consideration.

In the *Ex Parte Quayle* action mailed July 16, 2007, claims 1-8 were allowed and the withdrawal of claims 9-27 from consideration was made final. Applicant hereby authorizes cancellation of the withdrawn claims by examiner's amendment should the application move to issuance.

The specification was objected to as failing to provide antecedent basis for the recitation of a reticle holder. As shown above, para. [0028] and FIGS. 4A and 5 have been amended to establish antecedent basis for the recited reticle holder. Accordingly, applicant requests that the objection to the specification be withdrawn.

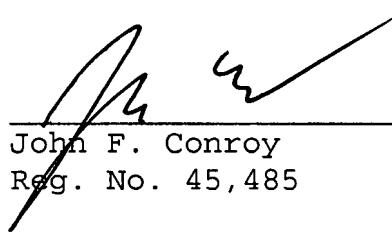

The drawings were objected to as failing to show the recited reticle holder. Applicant respectfully disagrees and instead submits that FIGS. 4A and 5 do indeed show a reticle holder included in reticle carrier 400, as would be understood by those of ordinary skill in the art. To ensure that the illustrated reticle holder is recognized, applicant has added reference numeral 405 to indicate the reticle holder. The specification has also been amended.
